

THERE'S MORE TO **LOVE** AT TINLEY PARK - PARK DISTRICT

October 2024

The state-funded cleanup of all 280 acres of vacant land is now in full swing!

Crews at the site are working daily on the southeast portion of the site to remove asbestos and other wastes from the first several buildings.

Learn more below!

Abatement & Demolition

Clean-up work is underway in various stages inside and outside of several buildings near 183rd Street and Harlem Avenue. The work is being staged building by building, with crews focused on first preparing each building, followed

by abating each building, and finally being demolished. Crews will follow a similar pattern for nearly every building on site.

We anticipate that the first building, Maple Hall, on the south end of the property near 183rd Street and Harlem Avenue, will be set for demolition this fall. We'll have more to share as that draws closer!

Safety is Our Priority

Our Project Manager Michael Maloney is on site, working with contractor Omega III and our independent, third-party air monitoring company, to ensure the safety of the project, the workers, and the surrounding community.

The on-site air monitoring will ensure materials are being safely removed. If concerns arise, the Park District will have the authority to stop work until it is safe to proceed again.

Your Feedback

Our community Remediate 280 Committee continues to convene monthly to discuss the state-funded cleanup in more detail. Find the schedule on our [website](#).

You can also find a helpful guide of frequently asked questions about the clean-up work on [our website](#).

There's More to Love!

We are so proud to be turning this blighted property into another reason to love Tinley parks!

Our Board of Commissioners Donald Cuba, Bernie O'Boyle, Lisa O'Donovan, Ashley Rubino, and Marie Ryan have shown great leadership to get us to this point.

Wishing you a safe and happy Halloween!
