THANK YOU

After more than a decade, we are so proud to be turning this blighted property into the pride of our community!

CLEAN UP IS IN FULL SWING!

Crews are working hard at the old vacant property. Buildings will continue to be demolished as our contractor, Brandenburg Industrial Service Co., works methodically to remove regulated materials in the vacant buildings and tear down each one.

By the end of Phase Two of our cleanup, nearly every single old building on the 280-acre property will be knocked down.

While this work is taking place, asbestos air monitoring and demolition dust monitoring will continue to be performed on site by contractor True North Consultants to ensure the cleanup continues to be safe for the surrounding community.

The project is being independently overseen by multiple layers of government, including the county, state and federal levels, through site visits, permitting, and routine documentation and reporting review.

During the first day of class, instructor assesses abilities and places children in the appropriate group. Your child will focus on swim progressions and techniques that are essential for water safety.

Community Theater presents: 12 Angry Jurors

A 19-year-old man has just stood trial for the fatal stabbing of his father. "He doesn't stand a chance," mutters the guard as the 12 jurors are taken into the bleak jury room. It looks like an open-and-shut case—until one of the jurors begins opening the others' eyes to the facts. "This is a remarkable thing about democracy," says the foreign-born juror, "that we are notified by mail to come down to this place—and decide on the guilt or innocence of a person; of a man or woman we have not known before. We have nothing to gain or lose by our verdict. We should not make it a personal thing." But personal it is, with each juror revealing his or her own character as the various testimonies are re-examined, the murder is re-enacted and a new murder threat is born before their eyes! Tempers get short, arguments grow heated, and the jurors become 12 angry men. The jurors' final verdict and how they reach it—in tense scenes that will electrify the audience and keep them on the edge of their seats—add up to a fine, mature piece of dramatic literature.

Lincoln in Song

Tinley Park Historical Society
 6727 W 174th St, Tinley Park
 June 13 - 1:00 - 3:00 pm

The life of Abraham Lincoln spanned a period of change, growth and struggle in our young nation, and the music of his era movingly characterizes these remarkable times. From his days as a flat-boater, through his time at New Salem, his years as a circuit lawyer and on up through his presidency, Lincoln's life is a microcosm of the development of Illinois during that period. Special emphasis is placed on showing Lincoln's unique bond with the common man and his desire for reconciliation, not revenge.

The Farmer is the Man

Stellwagen Farm
 17701 S. 108th Avenue, Orland Park
 August 29- 1:00 - 3:00 pm

Farming has always been the backbone of rural America and that heritage has been preserved in an extensive body of traditional and contemporary folk songs. From traditional songs to the dust bowl ballads of Woody Guthrie, to the works of contemporary songwriters, the subject of farm life has long been fertile ground for folk musicians. Understanding how farming and agriculture are changing is critical to understanding and directing the future of Illinois and its citizens, both rural and urban.
